

Introduction

Pre-Tax Rollover Acknowledgement Form

The Retirement System is a defined benefit plan that operates as a qualified employer plan under Section 401(a) of the Internal Revenue Code. On January 1, 2002, the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) became effective. This law greatly expands the portability of your retirement accounts by allowing you, in certain circumstances, to roll over funds between certain defined contribution plans and governmental pension plans. As a result, we can accept an eligible rollover distribution for the purchase of service credit.

It is important to remember that the regulations which implement the law **do not establish new eligibility provisions for purchase of creditable service**. These regulations only expand the sources of funds from which a member can pay for such purchases.

Before you roll over your funds from another plan, you should check with that plan's administrator to understand what rights and/or benefits, if any, you may be forfeiting by transferring your funds.

Below is the regulation promulgated by the Public Employee Retirement Administration Commission (PERAC) regarding pre-tax rollovers.

840 CMR 13.01: Acceptance of Pre-tax Rollovers from "Eligible Retirement Plans"

The following provisions are intended to implement the provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001 (EGTRRA) and to enable public employees in Massachusetts to take advantage of the expanded tax-deferred roll-over opportunities permitting the purchase of creditable service from assets held in other tax-deferred retirement plans.

(1) A Retirement Board may accept any portion of an Eligible Rollover Distribution in payment of all or a portion of a member's purchase of service credit or service buybacks pursuant to M.G.L. c 32 §§1 through 28. A Retirement Board may accept an Eligible Rollover Distribution paid directly to the system in a Direct Rollover. Rollovers from other permissible sources will be allowed to the extent permitted by law, subject to any conditions, proofs, or acceptance the Retirement Board deems appropriate.

(2) The following definitions shall apply to 840 CMR 13.08:

Direct Rollover is a payment from an Eligible Retirement Plan specified by the member and made directly to the Retirement System.

Eligible Retirement Plan is any program defined in Code Sections 401(a)(31) and 402(c)(8)(B), from which the member has a right to an Eligible Rollover Distribution, as follows:

- (a) an individual retirement account under Code Section 408(a);
- (b) an individual retirement annuity under Code Section 408(b) (other than an endowment contract);
- (c) a qualified plan under Code Sections 401(a) or 403(a);
- (d) an eligible deferred compensation plan under Code Section 457(b) which is maintained by a state, a political subdivision of a state, or any agency or instrumentality of a state or a political subdivision of a state; and
- (e) an annuity contract under Code Section 403(b).
